Please amend the claims as described below. In accordance with 37 CFR §1.121, a complete listing of all claims in the application is provided below. The status of each claim is indicated in the parenthetical expression adjacent to the claim number.

Claims 1-9 (Canceled).

- 1 10. (Previously Presented) A wind power installation comprising:
2 a foundation;
3 a pylon based on the foundation and having a diameter in a foundation region;
4 a generator;
5 a power module having a plurality of electrical devices and a support, the plurality of
6 electrical devices including at least one transformer to transform electrical energy provided
7 by the generator to a medium voltage and/or a high voltage, the plurality of electrical
8 devices further including electrical devices by means of which electrical energy produced
9 by the generator is controlled and/or supplied and/or converted, the support being placed
10 on the foundation and accommodating the plurality of electrical devices, the power module
11 further having a width and/or length less than the diameter of the pylon in the foundation
12 region; and
13 a container that accommodates the power module, the container having a wall
14 disposed between the power module and a wall of the pylon.

- 1 11. (Previously Presented) The wind power installation of claim 10 wherein the
2 container comprises a tube having a substantially cylindrical cross-section.

1 12. **(Currently Amended)** The wind power installation of claim 10 wherein a
2 separate space is provided in the container and available as a changing room and/or a
3 rest room for one or more service engineers of the wind power installation.

1 13. **(Previously Presented)** The wind power installation of claim 10 wherein the
2 container comprises a water-tight container.

1 14. **(Previously Presented)** The wind power installation of claim 10 wherein the
2 container includes means for water-tight closure of the container.

1 15. **(Previously Presented)** The wind power installation of claim 10 wherein the
2 container includes a water-tight door.

1 16. **(Currently Amended)** The wind power installation of claim 10 wherein a space
2 within the container is equipped to allow a prolonged stay by ~~a number of~~ one or more
3 people.

1 17. **(Previously Presented)** An offshore wind power installation comprising a wind
2 power installation according to claim 10.
